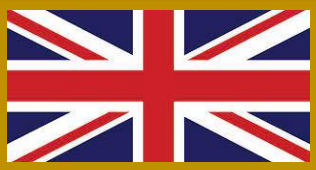
Her Majesty Queen Elizabeth II
1926 - 2022

On behalf of the loyal and devoted community of the Parish of Fordham in Essex, I wish to offer our most sincere condolences to His Royal Highness, King Charles III and the Royal Family at this time following the sad loss of Her Majesty, Queen Elizabeth II.
Our Sorrow at this time is shared by people across the globe, as we remember with affection and gratitude a lifetime of diligent service. Her life was dedicated to the people of Great Britain & Northern Ireland and she will be truly missed.

Cllr George Branagh
Chairman, Fordham Parish Council Essex

The Parish Council and residents laid flowers on the village green



Book Of Condolence

During the National period of mourning, residents were able to sign pages for a condolence book at the John Owen Barn and All Saint's Church. Once complete, the Parish Council will arrange for the pages to be bound and sent to the Palace on behalf of the village.
If you did not get a chance to sign the book, please let me know tel: 07453 160831 email: clerk@fordham-pc.gov.uk and I will make arrangements for you to sign.
Please contact me by no later than 30th September.

A Royal Visit in Fordham

The Princess Royal visited Fordham in 2007 for the opening of Rams Farm Road. Below is a picture of CJ handing Princess Anne a bouquet of flowers.

Chairman's Blog

"We are working in partnership with other local villages"

The Parish Council like some other rural Councils does not hold an open meeting during the month of August, nevertheless we do not close the shop and its business as usual with the Councillors and the Clerk, engaging with our community, the Borough Council (soon to be the Colchester City Council) and Essex County Council, local businesses, and forums.

Indeed, I am pleased to report that Fordham Parish Council together with Wormingford Parish Council have been instrumental in our lobbying for safer village roads. We have now joined up with our reps from CBC and EEC and our adjoining Parish Councils of Eight Ash Green, West Bergholt, Bures and Aldham, to address traffic calming across our local roads and villages. It is anticipated that once we have agreed the strategic parameters (next few weeks) that we shall engage with local farmers, Businesses, Police, Highways and Safer Roads Essex to take forward 'road use/speed/size/weights awareness, reduction and education.' This is a great step forward to have so many stakeholders committed, and we look forward to being a high-profile participant of this group. Reflecting to January 2021, when Fordham Parish Council published a detailed report on traffic calming/concerns we were a lone voice pushing against inertia and a closed door. Through dogged hard work, persistence and refusing to accept the crumbs that were being offered, we gradually saw the door becoming ajar. Twenty months and the door is open and what was a lone voice is now, 'a full choir with some notable conductors'!

Our Village Speedwatch volunteers continue to monitor and report excessive speeding on our Roads and have at times been supported by a member of the Essex Police service.

Since the road closure at Fiddlers Hill has been in effect the Speedwatch volunteers have directed their attention to Ponders Road and a staggering number of drivers at speeds up to 50mph in a 30mph area have been reported.

The Parish Council have engaged and are supported by our Speedwatch Coordinator, CBC and ECC reps in our pursuits to introduce '20s plenty' on some of our roads and this together with the introduction of quiet lanes will hopefully provide greater speed awareness to drivers.

We have secured the services of The Conservation Volunteers (TCV) who will be tidying up our village Green and Pond in September. Thereafter, providing we are satisfied with this service we may well be looking to agree a future maintenance programme with the TCV.

We are considering the 'Wilder Towns, Wilder Villages' project that is being delivered by the Essex Wildlife Trust which supports Councils to reduce habitat fragmentation, increase connectivity and manage spaces for wildlife and people.

Our village war memorial will be fully restored to its full glory in the forthcoming months and the clock which has been removed for both repairs and facilitate these restoration work will be returned to its glass cabinet.

Resulting from your feedback on the 2021 Residents Survey, effective from Friday 2 September and every month thereafter some Parish Councillors together with our learned Clerk will be holding a Council Surgery in the John Owen Barn, so come along and join up for a tea/coffee and raise issues which are of concern to you or ideas that you think would be of benefit to our community.

That gives a flavour of some of our ongoing work strands none of which would be possible without the Parish Councillors who are all volunteers. If you are interested in becoming a Parish Councillor then please contact our Parish Clerk clerk@fordham-pc.gov.uk

Cllr George Branagh

George.B@fordham-pc.gov.uk

'JINGLE & MINGLE'

This years Carols and the lighting of the tree lights will take place on the Village Green at 5pm on Saturday 3 December 2022.

We will 'Jingle' on the Green with a few well known Christmas carols and once again we will have a lead singer and an ensemble from Colne Endeavour Band.

The tree lights will be switched on by a local member of our community (to be announced).

Afterwards the Parish Council invites you to 'Mingle' in the Village for Mulled Wine and mince pies served by members of All Saints Parish Church.

The Village Hall Committee will be running a raffle with a good selection of prizes.

We have unconfirmed reports at this time but we could well have a 'person with a beard, wearing a red suit' riding on a tractor in the vicinity. Rumour also suggests that there could be a reindeer stop outside the Village Hall!

Its going to be a great evening so do join us to 'JINGLE & MINGLE'.

?? Did you know..... ??

◊ The first ever recorded date of Christmas being celebrated on 25th December was in 336AD!

◊ It was illegal to celebrate Christmas from 1647 until 1660 – Oliver Cromwell banned it as it was a religious day

◊ The first Christmas card was created in 1843 by Sir Henry Cole

◊ Christmas Crackers were invented by London sweet shop owner Tom Smith in 1847

◊ Boxing day gets it name from all the money collected in church alms-boxes for the poor

You spoke …. We listened!

Since receiving the of resident's survey from 2021, The Parish Council have been eager to be more visible and engage with residents outside of Parish Council meetings. They have been present at every village event and led the Christmas Lights Switch and Sing-a-long and the Queen's Platinum Jubilee with the Village Hall and All Saints Church.

Our latest joint venture is for Councillors to attend the Hub once a month – our thanks to the John Owen Barn for having us. We look forward to seeing you there.

Help us raise money for

Macmillan Cancer

Support at your local Community Hub!

We will be hosting the infamous Macmillan coffee morning on the 30th September during the Community Hub (10am – 1pm). There will be all the usual stalls available as well as a fantastic table of cakes and goodies to buy as you donate to this great cause.

Our Coffee, Cake & Chat café will be open and hosting the cake table with donation pots 10am – 1pm with all of our lovely local stalls pitched up under the cart lodge out-side.

We will be having two breast cancer survivors as guest speakers from Breast Friends who will be sharing their stories with us from around 11am.

Visit their page and see what these two lovely ladies are all about www.breastfriends.co.uk

If you are unable to join us on the day, please scan the QR code here to donate.

Scan me to donate

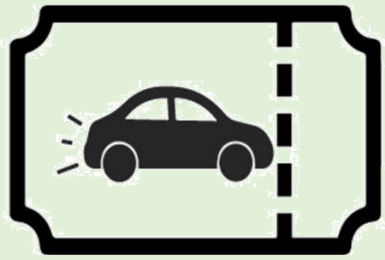
Essex Police Statistics JULY

- 3 people were tragically killed
- 90 serious casualties
- 1,669 Community Speed Watch motorist letters were sent to motorists for exceeding speed limits
- 483 submissions to the Essex Police ‘Extra Eyes’ website

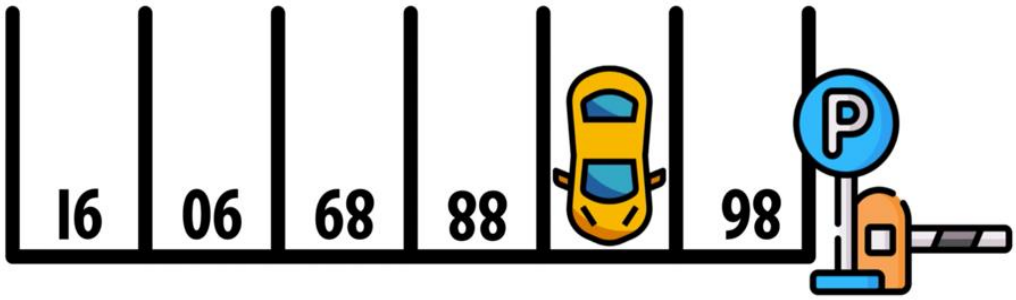
Fordham Community Speedwatch

have managed a few sessions over the last couple of months but with holidays and road closures we have been slightly less active. Unfortunately we are still having "speeders" through the village and in July we reported 39 speeders to the Police. That's 39 too many!!

Please contact me (davidhaynes49@hotmail.com) if you could offer some time to join us, we're a friendly bunch!



PUZZLE 1



What is the number of the parking spot occupied by the car in the diagram above?

Rural Roads

#SummerRoadSafetyEssex campaign

……tackling the issues affecting the safety of all road users and to keep our roads moving…….

Driving along our rural roads are a pleasure to enjoy, however driving restrictions on rural roads are rarely adhered to. Drivers should take the same precautions as driving elsewhere

Speeding is illegal and a recognised contributory factor in collisions. Reducing speed can prevent driver error. Country roads are more problematic with blind bends, *slow down on approach to see what lies ahead…. danger could be lurking*

Hierarchy of Road Users has been introduced this year, pedestrians, two-wheel vehicles and horses are placed at the top, showing they are more vulnerable. *Watch out for people enjoying a country walk, a rider exercising a horse or a cyclist taking in the views. Overtake carefully, giving them plenty of room.* The Highway Code explains that you should treat them in the same way as a car to ensure their safety

If you find yourself behind a slow moving farming vehicle….

- ***Keep a safe distance, the driver may have limited visibility***
- ***Use caution when passing: ensure the section of road is suitable and watch out for adjoining roads where emerging cars could pose an additional risk*.**

The welfare of animals are at the heart of our rural communities and at certain times of the year, farmers will move animals between fields. *Remember, if an animal is spooked, it could behave in an unpredictable way.*

Farms are private land and run for business. Stopping to have a picnic, ride an e-scooter or parking up in a field could damage crops and affect the farmer's livelihood.

Each year, 20% of drink drive related collisions take place on rural roads, but they have the highest severity ratio, with 40% resulting in death or serious injury. *DON'T DRINK AND DRIVE.*

For more information about our #SummerRoadSafetyEssex campaign, visit https://www.essex.police.uk/police-forces/essex-police/areas/essex-police/campaigns/campaigns/2022/summer-road-safety/

Cycle Security

Cycle security is always an issue with thefts from a variety of locations including the town centre, residential areas, and educational establishments. Commonly bicycles are either not secured or not secured properly, and this makes it easy for thieves.

Where do they go? Number of places: - in a container abroad, to another part of the country, stored in premises or sold as either a cycle or cycle parts via the internet, or third parties.

By taking some appropriate precautions and using good quality security products, and using them well, should help you to keep your property safe. Use the best security you can afford. Don't secure a £2,000 bicycle with a £20 lock! As a guide look to spend 10-15% of the value of the item on its security. Look for a "Sold Secure" certified chain **and** padlock or "D – Lock" preferably gold rated but certainly not below silver. Consider what you chain it to whether at home or whilst out, is that secure? Is it well overlooked to provide good natural surveillance?

Make a note of the frame number, security mark the cycle, there are a number of different methods available such as www.bikeregister.com, or see Secured by Design accredited products. Take a photograph of the cycle and any areas of damage or marks of identification, and some insurance companies may require one with the owner in the picture with it.

For suitable security products see www.securedbydesign.com or www.soldsecure.com
For further advice see https://www.essex.police.uk/cp/crime-prevention/keeping-vehicles-safe/how-safe-is-your-bike/ or
https://www.securedbydesign.com/guidance/crime-prevention-advice/bike-security

At home remove that first attraction to the thief or burglar:
1) don't leave garage doors open for long periods showing your expensive cycle and other property,
2) consider a "Ground anchor" or "Shed shackle" within your shed or garage to secure your cycle to, 3) look at your shed or garages security and ensure you have good locks and that the hinges are protected,
4) consider a shed alarm,
5) if your home is limited for space outside consider a cycle storage unit, they are smaller than a shed.

If you can its worth getting your children or grandchildren into good habits, keeping their bikes secure and not leaving them discarded on the front lawn or other, may save problems in the future.

Check with your insurance company to see what security standards they require for your insurance cover to be valid.

STROLL WITH A PATROL

Come and join your local officers on patrol in YOUR area and discuss issues within the area and show us area's that you feel are unsafe of make you feel nervous walking through. We hope to welcome partner organisations to walk with us so we can discuss making you feel safer in your community

We will be meeting in Fordham at The Three Horseshoes PH at 6pm on Wednesday 28th September

**** APOLOGIES TO ANYONE WHO TURNED UP ON THE 19TH JULY, THE PATROL WERE UNABLE TO ATTEND DUE TO STAFF SHORTAGES ****

Fordham Vehicle Show 2022

The committee would like to thank all of the volunteers, exhibitors, stall holders, sponsors and the public, for supporting this years event, it was an extremely hot day, we didn't have as many through the gate as in previous years because of the heat, but those that did come along, enjoyed themselves. We would also like to give huge thanks to the Woodland Trust and The Bradshaw family, for allowing us to use the field.

Thanks must also go to:

RT Roofing for supplying us with security fencing
Auto Aid for donating the plaques
VSM Colchester for donating the trophies
All of our volunteers
Colchester Fabrications for storage of equipment & transportation
Mike Hamilton-Macy for supplying and running the music throughout the day

We will have more about the show and a breakdown of funds in the next edition, but at the moment we are still waiting for some money to come in.

Thanks to you all from The Vehicle Show Committee

Bows 'n' Belles North West Clog Dancers *are looking to recruit new members*

We are a friendly group of ladies with ages from 11 – 70+ who enjoy dancing and generally having fun. We meet in Aldham Village Hall on the 1st, 2nd, 4th Thursday of the month from 8 –10pm.

Our aim is to promote a traditional style of Morris dancing – not the hankie waving sort, we use short sticks known as tiddlers, or garlands. and dance in sets of 6 or 8 following a set routine to the best of our ability. During the summer months we often dance at local events or sometimes travel further afield to Morris Dance festivals in different parts of the country.

Interested?? Like to have a try? Phone Sue on 01206 240682 for further information and maybe come along to a practice to see what it is all about. Bring a friend too!!

Or, do you play a musical instrument? We are always looking for more musicians give us a call……

Fordham History Society

On Monday 15th August members of Fordham History Society travelled to Thetford to visit the Dad's Army Museum. This was the society's 25th Anniversary and we had decided to venture out for a trip.

For so many of us this television programme was and still is a favourite. It spanned 9 years from 1968 to 1977 years, some 80 episodes; a series which brings back such wonderful T.V. moments.

We were welcomed into the Marigold Tearooms by Mark and a team of volunteers having been met off the coach by 'Sergeant Wilson' aka John Thurman. After our tea and biscuits and a sing along of the opening song to the programme, we learnt a little about how the museum came to be in residence in the old fire station to the rear of Thetford Guild Hall; quite a lovely building itself.

We found out some of the history surrounding Corporal Jones's butcher's van and snippets of stories about the characters and writers Croft and Perry.

After time spent in the museum our little group walked through the High. Street accompanied by Sergeant Wilson. Leaving Cage Lane we found ourselves in King Street in front of the King's House. Here we saw the re- gilded bronze statue of Thomas Paine; Thetford's most famous son

Paine was born in Thetford in 1737, and attended Thetford Grammar School. He became a political activist, philosopher and revolutionary. He authored Common Sense a pro-independence pamphlet during the American Revolution, and a number of other philosophical works. As a democratic campaigner and writer, the corset-maker's son was one of the first people to add his voice to the anti-slavery fight while living in America. Paine's 1775 essay, African Slavery in America, was published in the Pennsylvania Journal. The piece paved the way for the country's first anti-slavery society to be set up just a few weeks later, with Paine one of its founders. Thomas Paine died in the United States in 1809.
REF:BBCco.uk/norfolk/content/articles/2007/03/27/abolition_thomas_paine

His statue stands on a stone plinth, and was designed by sculptor Charles Wheeler; it was erected in 1964 and re-gilded in 2020. I have to say that I preferred the old gilded statue; for me this was just a little over the top!

Our little group decided to walk along the riverside to the old mill. This area along the Little River Ouse is known as Butten Island. We saw a lot of wildlife: Canada Geese, Crayfish, Water Rats and a Kingfisher.

On Butten Island is a statue commemorating Maharaja Duleep Singh, the last Maharajah of the Punjab, who lived at Elveden Hall, near Thetford, Norfolk, from 1861. He is said to be the first Sikh who settled in this country. He is linked to the famous Koh-i-Noor diamond which came to Britain and ended up in the Crown. His daughter Sophia Duleep Singh, a suffragette and campaigner for women's rights was also a God daughter of Queen Victoria.

Cllr Lewis Barber

Essex County Council

Firstly, I wanted to express my deep sadness for and condolences to the Royal Family following the passing of Her Majesty Queen Elizabeth II. The Queen had an incomparable and impeccable life of service to this country, commonwealth and people across the world and I am deeply grateful for this. I have no doubts that King Charles II will continue this legacy of service and long may he reign over us.

Locally, I am pleased that the first batch of repairs as part of my additional pothole repair fund I referred to in the last edition have now been scheduled or completed. I aimed to share this equally across the villages I represent. I committed resources to repairs on Plummers Road, Church Road and Fiddlers Hill for in and around Fordham and dependent on when you read this, these are either imminent or have now been completed. There will be another round of funding so please do get in touch for any defects you know of. This fund is on top of the normal maintenance budget from which I lobby for money for the area. My support of the fund was part of my commitment to my promise to secure more resources for our rural highways.

We continue to await the final sign off for the signalised pedestrian crossing between John Owens Barn and the primary school. I will update as soon as I hear news. We do, however, have the design for the 20mph zone around the school. This zone will encourage drivers to lower their speeds to 20 mph, particularly around school hours. The implementation should be this quarter. In tandem with this , I have worked with the Parish Council to put forward an application to introduce a buffer zone in both Mill Road and Ponders Road so that the speed limit changes from 60 mph to 40 mph to 30 mph rather than 60 mph to 30 mph as it does now. This would assist in ensuring vehicles are able to get to a slower speed earlier before reaching residential areas/the school.

Following an all-parish meeting for the villagers I represent, we are now planning our first HGV forum. This will discuss with interested parties, including HGV users, how rural communities and HGV users can better co-exist in everybody's interest and look to implement change as a result. Any ideas are warmly welcomed.

I am also pleased to see continued works on the historic Ford Street Bridge. Further works will take place overnight on 6th to 7th October while the longer term options are considered to ensure the aesthetics are maximised and its health secured.

I would also like to take this opportunity to remind parents and guardians that if your child is in year 6 you must have submitted an application for secondary school by 31st October 2022. This is done via the Essex County Council website. If you need any

While the County Council continues to develop its new bus strategy as well as consider expanding Digigo as I wrote about in the last edition, the Government has announced its plan to introduce a £2 cap on tickets between January and March with funding to support this scheme. I welcome this intervention, although it is clear further reforms are needed in the bus sector, which we continue to lobby on.

Throughout the month, we send out local information inour email newsletter. If you would like to subscribe, please do let me know.

Cllr Darius Laws

Colchester Borough Council

RURAL WARD NORTH

I am one of your three Colchester Councillor's who represent the villages north of Colchester, our party does not run Colchester Borough Council but we will do our best to ensure services are delivered with a value for money ethos. We will stand up for our beautiful countryside and the unique identities of our villages. I will also do my best to encourage Colchester centre to make the most of its heritage assets to help drive tourism, jobs and urban regeneration.

COLCHESTER CENTER MASTERPLAN

For far too long urban regeneration sites within the centre of Colchester have been treated in isolation with no overall masterplan, we need a more strategic approach to ensure we get infrastructure and a more 'joined up' approach to retail, restaurant-dining, services and experiences. Work to craft a masterplan is underway, this will present a series recommendations for urban regeneration sites, infrastructure and public realm. Levelling Up and Town Fund grant funding will also assist in some key projects including: Jumbo, Holy Trinity Church, St Nicholas Sqaure, St Botolphs and a bus station.

Contact Details: cllr.darius.laws@essex.gov.uk
@cllrdariuslaws on Facebook

CITY STATUS

The 'letters patent' document to confer formal City Status on Colchester was due to be presented in the Town Hall on Monday 12th September but following the sad death of our monarch this has now been delayed.

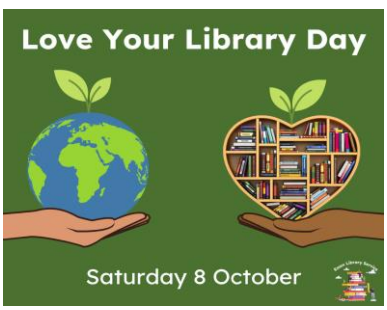
TAXI UPDATE

There are allegations that some taxi drivers are rather more keen on accepting cash than bank cards for payment and so Colchester Borough Council's Licensing Committee are looking at tightening up policies to ensure customers have the choice of both. Mandatory CCTV remains the aspiration, to protect drivers and customers alike, some creases still need ironing out but the trajectory of travel with this is clear.

CAR ENGINE IDLING

There have been a number of educational and marketing campaigns to try and encourage people to switch off their engines when static (to prevent Poisonous fumes). Sadly the message isn't getting through to everyone and it is a particular problem close to school gates and the Council is now exploring the possibility of having powers to issue fixed penalty notice fines for offenders.

Colchester Library,
Trinity Square,
Colchester CO1 1JB;
Tel 0345 6037628



Silver Sunday

Silver Sunday is a national event to celebrate older people and help to tackle the problem of social isolation and loneliness. Essex Library Service is hosting an event in Colchester on Sunday 2nd October to showcase what our local community can offer older people and to bring different generations together. You'll also have the chance to learn about local history, try out an IT taster session with ACL, or get fraud advice from Essex Police, as well as hear about the services provided by our various partner organisations including Age Well East, United in Kind, Independent Age, and Home Instead

Love Your Libraries this month!

On Saturday 8 October, Essex Library Service is hosting a Love Your Library Day! This time, the theme is the environment, so there'll be plenty of themed activities for all ages at all of our libraries. There'll be fun activities, crafts, and games to get involved in, as well as opportunities to learn about the environment and your local area from our partner organisations, and a chance to find out more about your local library and what we do for you. It's a day to enjoy and celebrate your local community!

As we are all getting ready for the warmer months please do continue to support the community hub. Our hub café is going well with a lot of wonderful people paying us a visit and we are enjoying all the different conversations and news about the village. We have also had the joy of meeting several of your furry friends who are always welcome!

HUB OPENING TIMES 10-1PM POST OFFICE 11:45-13:45PM

Ellie and Charlotte from The Refill Den - eco friendly and packaging free products

Sophie from Collett's Farm - fresh meat and homemade pastries and pies

Katie from Duke's Seafood in Mersea - freshly caught fish from their own boat

Janine from Baking Mad - delicious homemade sweet treats

Steve from Mop Cap Preserves - jams, chutneys and sauces with tastes and flavours long forgotten, alongside contemporary flavours as well as freshly baked bread to pre-order

Audrey with her homemade bakes every other week

Ann with her fresh fruit and veggies sourced from local farmers

Rachael from The Freckled Foxglove with her freshly cut flowers and foliage

Sharon- our local Post Office ready to serve you with all your PO requirements

George from The Cheese and Pie man with his wide range of cheeses

All Saints Fordham & Eight Ash Green Colchester
